Hi Phil and Michael,

Today, the Acting Regional Administrator for EPA Region 9 signed a notice proposing a July 10, 2020 submittal date for the Extreme ozone nonattainment plan for the Coachella Valley. The Clean Air Act requires

the plan to address the requirements of section 182(e) and revised title V and new source review (NSR) rules. The proposal, which includes a thirty-day comment period, should appear in the *Federal Register* in two to three weeks. We will notify your staff on the date of publication.

If you have any questions, please contact me at 415-947-4146 or have your staff contact Tom Kelly at 415-972-3856.

Thank you.

Regards,
